D16.3. Insurance Point-of-Contact

If POCs are provided as sources of information or testimonials, check below to indicate you have contacted them and that they are expecting to hear from DHS related to your Technology. Also, indicate below what information we should expect from each POC.

D16.4. Revenue Projection

The three-year period should include your current fiscal year, if incomplete, and two subsequent years.

The revenue data requested should reflect revenue generated specifically from CCSF operations, which is the screening of all cargo for U.S. passenger aircraft.

When providing this information please provide a breakdown of the revenue between (1) your U.S. air cargo operations and (2) U.S. air cargo operations for passenger aircraft.

D17. Financial Data

Certain financial information regarding your company and projected/prospective Technology revenue may be particularly relevant to the application process. We may request additional financial information from the Applicant if necessary during the application process.

D17.1. You may provide a copy of the Seller's financial statement for the most recent fiscal year. For public companies, the most recent SEC annual report (Form 10-K) and SEC quarterly report (Form 10-Q), together with any amendments thereto, should suffice. OSAI will seek additional and more specific information only when necessary for a particular application.
